

AN ENGAGED COMMUNITY

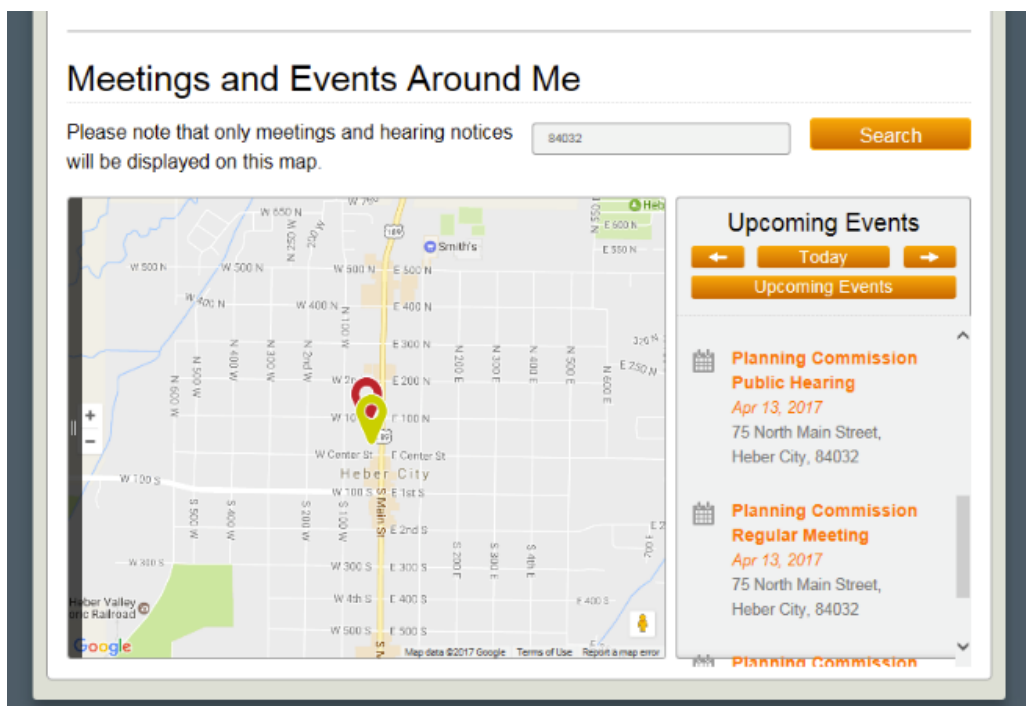

The Easiest Way to be Informed on Upcoming Public Meetings and Public Hearings

City Employees are often asked by members of the public how they can be informed of upcoming Public Meetings and Public Hearings. The State of Utah has provided an easy way for you to be informed. Through the Utah Public Notice Website (PMN) you can subscribe by either RSS feed or email to a Public Body such as the City Council or the Planning Commission to receive its notices and updates. Here is the link to the site: <http://www.utah.gov/pmn/index.html> Government is **Cities**; Entity is **Heber City**, Body is **Planning Commission**; and then click the button

that says “**Subscribe to this Body**”. You can also subscribe to the **City Council** in the same manner just choose **City Council** as the Body. (or choose one of the other public bodies that populate if you’re interested). Here is a screenshot to help you visualize this process.

Another Option you can use to find events is the map feature. The map feature is located at the bottom of the PMN page where it says **Meetings and Events Around Me**. By typing in the zip code and clicking the search button, the map will display meeting locations and provide a description of each meeting in the adjacent right column. Each description is a clickable link to the full meeting information and agenda

We hope these ideas provide an additional avenue for you to be involved with the decisions impacting our community.
