

# Message from the Mayor

DECEMBER 2017

## **LAST NOTE:**

*Submitted by Mayor Alan McDonald*

It has been the honor of my life to be your Mayor over the past 4 years. So many of you have sent emails, written letters, and given personal thanks and well wishes over the past few weeks, but I could say as much to each one of you. Carolyn and I have been grateful for the opportunity you gave us to serve our community.

One thing I have learned is how generous the people of our city are in giving their time, means, and resources. The examples set by the people of this City inspired me and made me a better Mayor and a better man. Your valuable contributions to our community have created a better place for all of us to live.

I feel I have done my part in making a positive difference in our city, by making the city stronger, preserving your personal freedoms and leaving the city on a solid foundation for the future.

I want to take this opportunity to express my profound gratitude to the people who work for the City and Heber Light & Power Company. What an amazing job they do each day for their City, making sure our operations run smoothly. They are an extraordinarily talented group of people who proudly and honorably serve the greatest City on earth.

My wish is that all of you can enjoy the spirit of the Holiday Seasons with peace and joy. May your Christmas be filled with family and friends, giving and loving. Most importantly of all, let us spend our time thanking God for all of his blessings. Merry Christmas and Happy Holidays!

May God bless the people of this Valley and our Nation,

Mayor Alan Wayne McDonald
