

# HEBER CITY NEWS

## *June 2010*

### **MAYOR'S MESSAGE** by Mayor Dave Phillips

This month I would like to discuss an important topic of safety to all of us, and that is speeding through Heber City (as in driving too fast), and obeying regulatory signs. The speed limit on City streets (unless posted otherwise) is 25 mph.

Speed limits are determined based on the type of road (e.g. street, collector, or arterial route) and safety. These limits are designed to provide maximum safety to all of us, while facilitating the movement of traffic. Yield signs are located strategically throughout the City. When approaching a cross road that doesn't have a yield sign, remember what we all learned in driver's education and that is "yield" to the vehicle on your right. Stop signs (to state the obvious) mean traffic must stop. I heard someone once jokingly refer to stop signs as meaning "Soft Tap On Pedal," but I can assure you it means coming to a complete stop.

Heber City's Police Department patrols streets throughout the City every day and night, but with a limited staff, they appreciate public feedback on where speeding is occurring. They have a portable electronic speed control sign they move from place to place to help drivers recognize when they are speeding. With the widening of Center Street, drivers are being re-routed via detour signs through neighborhoods and onto other streets. Please be aware of the speed limit, and pay attention to all yield and stop signs. Together we can make our streets safer for everyone.

### **CEMETERY CLEAN-UP NOTICE**

Heber City Cemetery will be conducting a clean-up beginning **Monday, June 7<sup>th</sup>**. The clean-up will last approximately four days. We ask that any decorations that visitors wish to save be removed before the scheduled clean-up. All decorations left will be discarded. This includes all floral decorations, baskets, shepherd hooks, solar lights, pin wheels, etc. If you have any questions, please call the Cemetery at 654-3952.

### **CENTER STREET ROAD WIDENING**

The Center Street road widening work continues to move forward and is expected to be complete by mid-July. We understand the disruption this has been to residents and motorists, and appreciate your continued cooperation and patience as construction nears completion. On the east end of the project, the contractor is scheduled to complete paving between 750 East and 1300 East on or before the week of May 24<sup>th</sup>. This will then be reopened to traffic while driveway approaches and landscaping repair are done. On the west side of the project, between 400 East and Main Street, the storm drain and water line improvements are nearing completion. The remaining curb, gutter, and sidewalk installation in this area are anticipated to start after the Memorial Day weekend. Please continue to observe the traffic detours and signage set up for project safety. Questions or concerns regarding the project may be referred to JB Gordon Construction at (435)654-1756 or Heber City at (435)654-6382.

# Wasatch County Library

presents our 4th

## Literary Picnic & Arts Festival

### Saturday, June 19 – 11:00AM to 4:00PM
