MAYOR'S MESSAGE

Submitted by Mayor Kelleen Potter

Our first Main Street Beautification Committee meeting was a great success. We have many energized volunteers with appreciation of our history and excitement about possibilities for our future.

Our first effort will involve flowers on Main Street. We are looking for more volunteers who want to help with the hands-on part of making our Main Street beautiful. More information will be coming soon but if you are interested in getting involved send me an email at kpotter@ci.heber.ut.us. It is an honor to serve as Mayor in this amazing city full of good people who want to help make our city better for everyone.

HOME SAFETY

Submitted by Officer Eric Mainord

Safety experts agree that the best way to deal with crime in the home is to take every step possible to prevent it from happening to you. Law enforcement and security experts will tell you from years of experience and statistics – criminals will look for the easiest possible target. By doing a few simple things such as keeping exterior lights on at night, making sure there aren't tall bushes someone can hide behind, keeping doors locked and installing safety windows, you can turn your house from a target into a home predators will avoid. Adding a burglar alarm or home security device can help deter a criminal. A neighborhood watch group is a great way to prevent crime. Put up signs indicating you have a Neighborhood Watch. Contact the Heber City Police Department for more information or contact Officer Mainord at (435) 657-7925 for a HCPD Think Crime Prevention home inspection. Help us help you prevent your home from being a target.

HEBER HALF RUN FOR AUTISM

Kids On The Move (KOTM) and Runtastic Events have come together to launch the new Heber Half race on June 30, 2018.

This half marathon, 5k and kids' run was started to raise awareness and funding for children with autism. Proceeds from the race will serve children ages 18-months and older in the KOTM Autism Center.

The KOTM Autism Center provides Applied Behavior Analysis (ABA) therapy to help children with autism have a higher chance of leading a normal functioning life.

The Heber Half Run for Autism is the first official race in Utah to solely address the cause of autism. We would love your support by running in our race, volunteering, or simply spreading the word to your friends and neighbors.
